### A thread by [Donald J. Trump](#)

We have a totally corrupt previous Administration, including a President and Vice President who spied on my campaign, AND GOT CAUGHT...and nothing happens to them. This crime was taking place even before my election, everyone knows it, and yet all are frozen stiff with fear. ....No Republican Senate Judiciary response, NO "JUSTICE", NO FBI, NO NOTHING. Major horror show REPORTS on Comey & McCabe, guilty as hell, nothing happens. Catch Obama & Biden cold, nothing. A 3 year, \$45,000,000 Mueller HOAX, failed - investigated everything. ....Won all against the Federal Government and the Democrats send everything to politically corrupt New York, which is falling apart with everyone leaving, to give it a second, third and fourth try. Now the Supreme Court gives a delay ruling that they would never have given

....for another President. This is about PROSECUTORIAL MISCONDUCT. We catch the other side SPYING on my campaign, the biggest political crime and scandal in U.S. history, and NOTHING HAPPENS. But despite this, I have done more than any President in history in first 3 1/2 years!
